

MICROPLASTICS IN THE WATER CYCLE

INCLUDING WASSER 3.0 detect | remove | reuse

Microplastics entering the water cycle.

detect
QUANTIFICATION
OF MICROPLASTICS
AT THE ORIGIN

Wasser 3.0 **detect** delivers the world's first detection and process control system for microplastics in water.

remove
REMOVAL
OF MICROPLASTICS
AT THE ORIGIN

With Wasser 3.0 PE-X® we remove pollutants before they enter the ecosystem.

DIRECT POSITIVE IMPACTS ON:

- water quality
- environment
- health
